Powering Progress."**

Your Reliable Coal Supplier

Premium Quality Coal

Chandra Coal is a trusted supplier of top-quality coal, sourced from both domestic and international mines to ensure consistent performance and high energy output. We deal in both imported and Indian coal, maintaining direct contacts with major coal suppliers, including WCL, SECL, NCL, and SCCL.

Our meticulous selection and processing ensure that our coal meets the highest industry standards. Additionally, we provide washed coal, offering a cleaner and more efficient energy solution for various industrial needs.

Key Features

Consistent Quality

Every batch of coal meets stringent quality standards, ensuring consistent performance.

Reliable Supply

We provide a dependable supply chain, guaranteeing timely delivery and meeting your specific standards.

Customer Support

Our team is committed to providing expert guidance and support, ensuring you get the right support.

Chandra Coal: Your Choice

When you choose Chandra Coal, you choose reliability, quality, and efficient energy solutions. We are committed to providing the best possible coal for your business.

Contact us today to discuss your needs and learn how Chandra Coal can power your success.
